Monday:

-Music

-Computers

Tuesday:

-Library

-Math

Stations

Thursday:

-PE

-Math

Stations

Friday:

-Computers

Wednesday:

-Art

-Computers

Things to Note:

We have earned an Apple Cider party for our good behavior in class. When I recognize us all as a team (whole class) being kind to others and following directions, I flip over an apple to spell out the apple cider party. They earned each one by being good listeners and working together! Yay!

Student of the Week

We have had Juliet and Jalen the last 2 weeks. Our next up is Isaac!

What We're Learning:

Language Arts:

We are now starting to work on 2 letter sounds per week. We are focusing hard on words that begin with this sound. We will start with Ss and Mm. Please remember your Sound Show & Tell for each letter!

Writing:

We are learning to THINK (of a topic), DRAW, and WRITE. We know we might not be able to spell words yet but we can listen for sounds we know in a word and record that!

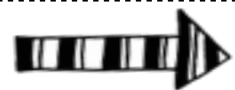

Math:

We are still working at writing our numbers, counting, and recognizing what numbers 0-9 are called. We are also working on comparing words like biggest, smallest, tallest, shortest.

Science and Social Studies:

We are learning about what our 5 senses are.
